Letter of Appreciation

Dear Antoni Peris i Grao,

On behalf of the WHO Regional Office for Europe, we would like to express our gratitude for organizing and hosting visits in Can Bou Primary Health Care Centre of CASAP (Consorci Castelldefels Agents Salut) for the following country delegations:

Delegation from Ukraine, 2016

Delegation from Uzbekistan, 2018

Delegation from Slovenia, 2021

We highly appreciate CASAP health professionals' willingness to share their expertise and experience in a clear and pragmatic way with policy makers and practitioners. CASAP's vivid example on how multidisciplinary primary care teams, provide health promotion and preventive and curative services served as inspiration for the delegations to move forward with the implementation of health system reforms. Thank you for your excellent contribution to the work of the World Health Organization.

Warmest regards,
